Willard Moser Dispersion Sale — Thursday, Nov. 7, 1957 — Kenton, Ohio

Having reached a decision to retire from active farming, Willard Moser will sell his entire herd at public auction on November 7. This is one of Ohio's best Shorthorn collections, owned by a man who stands high in the eyes of the entire livestock industry and whose judgment on Shorthorns commands greatest respect. This is an old herd that has been kept new. Never has Willard Moser sacrificed quality for numbers. Maintained at all times at normal size, a rigid culling and replacement program has kept this herd in modern form and in a top position. The herd today contains a total of 65 head that will sell as 48 lots. The cattle, without special fitting, are in excellent condition. The herd bull, **Morphie Democrat**, an own son of the noted Kirkton Baronet, is a splendid individual and his calves that will be displayed on sale day provide positive proof that he is a great sire. The ten yearling sons that will sell are very promising herd bull prospects.

Prospective buyers may feel very safe about the purchase of the females in this sale. Willard Moser is a veteran breeder and has retained in his female herd only those families that have proved most prolific and dependable. For annual replacements he has held back only heifers that would insure the continuous improvement of the herd.

Those who attend this dispersion are certain to like the cattle. Moser Shorthorns have size without the loss of compactness. They are smooth cattle, thick fleshed, easy keepers, and every cow is an efficient mother. This is a practical, healthy herd, backed by bloodlines that insure profits. I like Moser cattle and have utmost confidence in the man who is selling them.

Hal Longley, Sale Manager

Kirkton Baronet

Sire of Lot 1

The most popular blood in Scotland. The famous herds are using sons and grandsons of this noted bull.
